**software**

Adobe InDesign, Bridge,  
Photoshop, Illustrator

**working knowledge**

Adobe After Effects,

Dreamweaver,

Microsoft Office Suite,

OmniGraffle

**creative experience**

Branding, Magazine design,

Mobile application design,

UE, UI, Web Design

(HTML & CSS)

**languages**

Proficient in Russian and

basic Lithuanian

**OBJECTIVE**

I enjoy producing coherent, engaging designs that solve problems by carrying forward a clear message. I am interested in interaction design (specifically web, mobile applications) and enjoy working on tangible print pieces.

**EXPERIENCE**

**Fidelity Investment (Boston, MA)**

Jun-Aug 2013

Interned with a UXD team developing a responsive website for a professional financial application. Directly involved in organizing, developing and executing content, AI, wireframing, usability testing, web development and design. Parallel to that I worked in a team with interns, redesigning and developing learning center on the Fidelity.com website, specifically targeting young adults.

**Roslindale Village Main Street**

Jun 2011-Feb 2012

In my short stay at Roslindale Main street as a Graphic Design volunteer, I developed promotional graphics for t-shirts and totes inspired by the current Roslindale Farmer's Market identity.

**Show Media (London, UK)**

Jun-Jul 2009

The placement introduced me to a busy design agency. Assigned to assist on photo shoots; helped source visual research for projects; create presentation boards; design soundtrack covers; involved in development of identity packets.

**Digital Public (London, UK)**

Jul-Aug 2007

Working in a group researched, developed and produced a social media platform, aimed to collect and share the effects of young teenagers living in disadvantaged areas.

**EDUCATION**

**Massachusetts College of Art and Design**

BFA Graphic Design

2012-Present

**Camberwell College of Art and Design (London, UK)**

FDA Graphic Design
